

UJT Characteristics Apparatus with Regulated Power Supplies.

Objective

Product Code:GE222

To Plot VI Characteristics & to Measure InterBase Resistance

Specifications:

- Instrument Comprises of Two DC Regulated Power Supplies 0-15VDC/150mA & 0-30VDC/150mA
- Three Round Meters for Voltage & Current Measurement,
- One UJT 2N2646 mounted behind the panel.
- Connections of Supplies, Meters & UJT brought out at 4mm Sockets.
